Roll-Up Banner Stand

ISO 9000 production
1 year warranty

An extremely cost effective and reliable roll-up banner stand with the classic roll-up design. Equipped with the basic and well tested functions of a retractable banner stand, but with a more simple and low weight construction compared to high-end products. Ideal for sales campaigns and events, for which you need a large number of promotional stands for a limited time period.

- Protective endcaps in durable plastic
- Snap-lock top rail
- Two swivel out feet
- 3 piece bungee corded pole
- Padded carrying bag

The "more-expo" concept

The "more expo" business concept is to offer economy display products with the best possible quality. Recognizing the growing demand for low price alternatives, we have now established our own organisation in mainland China where we are constantly scanning and evaluating the Asian market to find the most competitive and up-to-date display products manufactured today.

The products chosen will then be further improved and modified to be in line with the "more-expo" requirements for function, design and quality.

During the production process of these products our quality auditors constantly visit the factories to make sure that these products meet or exceed our quality expectations. We also assure that environmental issues are considered and that the products are produced under acceptable working conditions as well.

By purchasing these products in very large quantities, working directly with the factories (no middle-men) and a highly cost efficient distribution system, we can guarantee you the best possible price.
